7. How old and what program is teaching TRIZ

Structure of the Contribution

Contributions are accepted for the "TRIZ Summit Cup" competition only in electronic form in the formats of text files, presentations or video clips. When the contribution is being compiled, it should include a title page (it is possible to duplicate the participant questionnaire) indicating the name of the participant, the name of the supervisor, contact information, age of the participant, title and nomination of the contribution and a short abstract. Scanned drawings have to be supplied in Word or PowerPoint format. It is advisable to provide the video clips with a short annotation and a participant questionnaire indicating the role and degree of participation in preparing the contribution.

The name of the files of the contribution to be sent have to be prepared in the following format: NameS-category-2021 (e.g. IvanovI-11-14-Invention-2021). When preparing a collective contribution, the name of the team leader is used.

A contribution of participants who have not provided all the necessary information may be excluded from the competition.
